Dear Parent or Carer

NHS Test and Trace: COVID-19 testing for Pupils and Staff

We are working to keep our school as safe as possible. You may have heard that testing for those without coronavirus symptoms is beginning across the country using new, quicker COVID-19 tests known as 'lateral flow tests'.

Along with the other protective measures we are taking, these tests will help staff and pupils to remain in school safely. Up to one third of people who have coronavirus experience no symptoms. By testing we will help to stop the virus spread and help to keep our school open as safely as possible. The test is voluntary, but I would encourage everyone to take it. We will be testing all staff and secondary school age pupils who want to participate.

I enclose an instructional leaflet with some more information.

If you are happy for your child to be tested, please fill in the consent form (one per pupil) and return to school.

Those taking the test will be supervised by trained staff. The 'lateral flow' tests are quick and easy using a swab of your nose and throat. For under 18s, staff can oversee the swab process.

Results (which take around half an hour from testing) will be shared directly with staff and pupils participating. Where participants are under 16, parents or legal guardians will also be informed.

We know these tests work - in validation studies conducted by Oxford University and Public Health England, they were shown to be as accurate in identifying a case as a PCR test (99.68% specificity). The tests have lower sensitivity but they are better at picking up cases when a person has higher viral load, hence the need to test frequently.

Testing will be offered free of charge.

LEA MANOR HIGH SCHOOL

Lea Manor High School, Northwell Drive, Luton, LU3 3TL | Tel: 01582 652600

What if a pupil tests positive?

Participating staff and pupils who test positive will be informed about their results individually. Where participants are under 16, parents or legal guardians will also be notified. Guidance on safe travel and additional precautions will be provided along with test results. You will have to self-isolate and follow the guidance from NHS Test and Trace.

What happens if the test is negative?

You will be able to stay in school and resume activities as normal. A pupil will only be told if they test positive on a 'lateral flow' test, so if you do not hear you can assume it was negative. A small number of pupils may need to repeat the test if the first test was invalid or void for some reason.

What if my child develops symptoms?

This testing programme at school is for people with no symptoms. If your child develops symptoms at any time (such as a high temperature; a new, continuous cough; or a loss or change to their sense of smell or taste) they must immediately self-isolate, and book a test by calling 119 (England, Wales and Northern Ireland) or 0300 303 2713 (Scotland) or visiting <https://www.gov.uk/get-coronavirus-test>.

We will support our staff and pupils throughout, but please contact us if you need this information in any other language or format or if you have any questions. You can email us at: learning@leamanor.luton.sch.uk

Yours faithfully
